

Michigan CEC Foundation for Exceptional Children 2003-2009

The Michigan Council for Exceptional Children (MCEC) Foundation was created in 2001 to provide additional support for educational opportunities for students with disabilities. Awards can be granted up to \$1,500 and could support anything from transportation, special equipment, tutoring, to tuition. These funds are intended to augment, not replace, money available through other agencies.

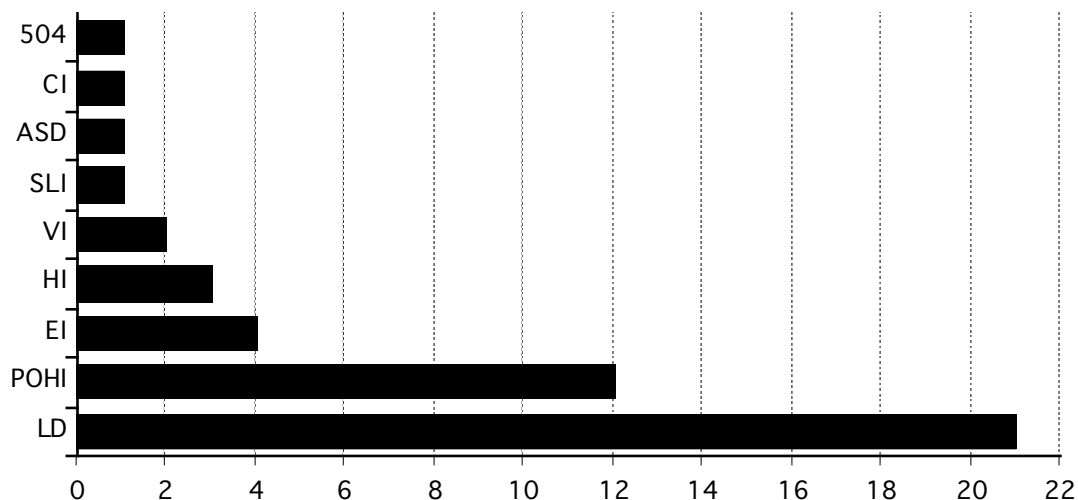

In the seven years of the program the MCEC Foundation has awarded \$45,100 to 47 students. As can be seen in the chart below the number of applications continue to outpace the amount of funds available.
